2010

Dear Seniors,

Our pens and pencils have diligently taken notes, guided us through tests, and doodled in the margins. They have written down our homework, friends' numbers, and reminders about senior ish. After reaching the end of our high school agendas, it is time to check senior year off our list of things to do.

This yearbook is a permanent sticky note reminding us of all the people, places, and events that have made our experiences at MHS memorable. From those late nights of studying and researching for senior papers, to internships and receiving our diplomas, we can take down the memos cluttering our corkboards and start a new list.

Class of 2010, keep in mind, and jot it down if you have to, "You are braver than you believe, stronger than you seem, and smarter than think."

Good Luck Class of 2010

Editors in Chief

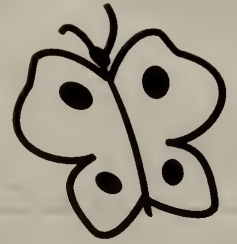

Andrea Perrotti & Lauren Loder

Hang!

Dear Advisors,

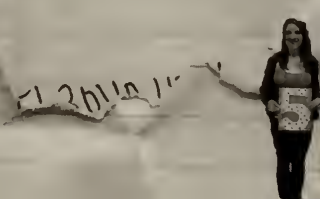

The past four years have been an amazing experience that we will certainly never forget. We came into student government unaware of what was ahead of us, but you were there to guide us through our mistakes. Speaking of mistakes, our beautiful blue T-shirts and Ronald McDonald gloves will never be forgotten. Though our positions were ever changing, your support was the glue that kept us together. Thanks to your hard work and dedication, the Class of 2010 will always remember our Jr. Prom, trip to Six Flags and Halloween Dance. We certainly cannot forget our stressful spirit weeks: the blood, sweat, tears...and paint we poured into them.

We appreciate everything the two of you have done for us, and thank you for having our backs, without holding our hands. Our high school years have come to an end, but the memories you have helped create will remain with us forever.

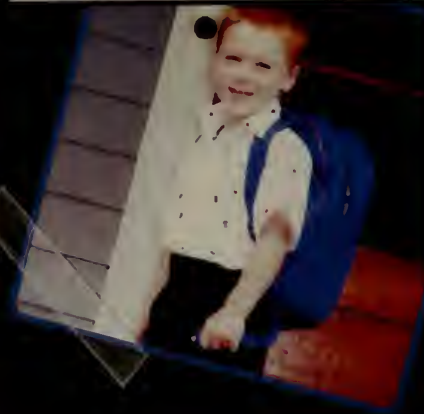

P.S. We might need chaperones for our 10 year reunion trip to Six Flags, you in?

The Class of 2010

"Laughter is the best medicine"

In loving memory of our friend

We thought of you with love today
but that is nothing new,
We thought about you yesterday
and days before that too,
We think of you in silence
and we often speak your name,
All we have are memories
and your picture in a frame,
Your memory is our keepsake
with which we'll never part,
God has you in His keeping
we have you in our hearts.

Something about our potential for greatness should be frightening, and yet, we taunt and we tease it. We try, as hard as we can to make our life worth living, and in the process, we love and we lose, we try and we fail, and at the end of it all, we're left with those few strong friends, good laughs and great memories, and I wouldn't trade them for anything. Everything's better when you're confident.

I've only spent two years at MHS and honestly cannot say I'm gonna miss it. Belng at MHS has taught me to deal with failure. And no matter the excuse it comes down to the end result. So learn to get stuff done or else you can't progress in life. So here's a simple mantra I've tried to live by: forget all the extras and do what you love. Strive to be better. And make the world a better place.
